The membership that pays for itself.

INVESTOR PRESENTATION · 2026

VISION

A world where *living well* isn't a luxury.

LatchClub is a digital membership platform that makes premier dining, wellness, fitness, travel, and lifestyle experiences affordable — while giving merchants a smarter way to fill seats and reach new customers.

THE PROBLEM

A market under pressure.

CONSUMERS

$63 avg spend per restaurant visit — up 12.5% YoY

88% say price/value is #1 factor when spending

84% are more selective about where they go

MERCHANTS

80% of Canadian restaurants carry debt

3–5% profit margins for full-service restaurants

$30K avg annual marketing spend — unclear ROI
